Trap setting will be done before each event by designated Club officials, per ATA rule Section XIII, E. The final decision as to whether or not a trap is to be reset will be made only by shoot management.

If your trap breaks down, take your score sheet and continue shooting on the next trap. A sub-event is 25 targets for Singles and Handicap and 50 targets for Doubles.

All ties in preliminary events will be carried over to the next similar event. Championship ties will be decided as soon as possible after conclusion of the days events. If there is a yardage discrepancy in any handicap event, shoot-offs will be at the conclusion of the days events. If you do not respond to a shoot-off within 5 minutes of the final call, you forfeit the shoot-off. There will be no class advancements for this shoot.

Only one trophy or money will be awarded to any person in any one event

CLASSIFICATION AND HANDICAPPING

Classification will be in accordance with the ATA rulebook using six classes for singles and doubles. There will be no penalty yardage or classes for this tournament. However, the Club has the option to change the class of any shooter at any time during the shoot.

A new shooter may be assigned to any class in 16-yards and Doubles events, at the discretion of classification personnel until the shooter establishes his/her known ability. New lady shooters and new sub-junior shooters will be assigned to the 19 yard line. A new male shooter who has reached his 15th birthday will be assigned the 20 yard line.

It is the contestant's responsibility to have his/her average card up to date before approaching the classification table. It is also the contestant's responsibility to show entire registered ATA shooting history for the current year. Please have your card current and up-to-date when presented to the classifier.
