Dear Mesilla Valley Shooting Sports,

On behalf of the Aggie Trap and Skeet Team, we are writing to request permission to use the sporting clays course at Mesilla Valley Shooting Sports for a future fundraiser shoot.

We are planning this event as a way to support our team's activities and promote community engagement with the shooting sports. To help ensure the event runs smoothly and safely, we will plan to partner with members of the local collegiate 4-H shooting sports program, who will assist us in managing the course and coordinating logistics on the day of the shoot.

We understand and appreciate the importance of maintaining the integrity and safety of your facilities, and we are committed to working closely with both Mesilla Valley Shooting Sports and collegiate 4-H to uphold those standards throughout the event. At this time, we are simply requesting the club's approval to use the sporting clays course for this purpose. We are happy to provide additional details or meet with club representatives to discuss the plan further.

Thank you for considering our request. We greatly value the opportunity to collaborate with Mesilla Valley Shooting Sports and look forward to the possibility of hosting a successful and enjoyable fundraiser.

Sincerely,

Aggie Trap and Skeet Team
